

SHARESAVE

Sharesave lets you buy Flutter shares at a 25% discount. Here's how it works:

1

Choose how much you want to save each month, and sign up online in minutes

2

We'll deduct this amount from your salary each month for 3 years

3

After 3 years, as long as the share price hasn't fallen by 25%, you make a profit! You can either sell the shares immediately, or keep them to become a Flutter shareholder.

If the share price goes down, if you change your mind or if you leave the company you can simply take your savings back... there's no catch!
